With millions of Twitter and Instagram followers, Kim thought her selfie book, *Selfish*, would be a smash success. Umm... not quite.

Kim **NO SELFIE ESTEEM**

KIM KARDASHIAN HAS LEARNED SHE CAN'T ALWAYS BE A WINNER — HER BOOK IS A FLOP!

TURN THE PAGE, KIM!

UNLIKE her unexpected stab-at-politics selfie with Presidential wannabe **Hillary Clinton** (right), **Kim Kardashian**'s book *Selfish* isn't bringing in the Likes. Despite the fact that Kim has 34.2 million followers on Twitter and 41.8 million followers on Instagram, the reality starlet's 448-page book of selfies has sold only 32,000 copies since its release in May, according to Nielsen BookScan.

"Kim is stressing out over how poorly her book is selling, because she thought it was going to be an easy way to make big bucks," an insider tells *Star*. "When she first presented the idea to publishers, her biggest selling points were her huge social media following and her ability to influence the masses. But now, she's starting to panic."

In an attempt to bump up lackluster

book sales, five-months-pregnant Kim, 34, popped by the Los Angeles outpost of her fashion boutique, Dash, for an impromptu book signing and meet-and-greet with fans. "She posed for countless selfies," dishes the insider. "Kim really thought the book would sell itself, but she has had to put in a lot of extra work in order to advance book sales and keep the publisher happy. She's even recruited **Kris Jenner** and **Kanye West** to help her promote the book."

A representative from the publisher Rizzoli claims that *Selfish* has total trade sales of approximately 125,000 copies — even so, a strikingly low figure in comparison to other celeb tomes, such as **Lauren Conrad**'s book, *L.A. Candy*,

which has sold 500,000 copies.

"This isn't Kim's first product flop," continues the insider, citing her single, "Jam (Turn It Up)," as well as her promotion of the Tria hair-removal system and a prepaid MasterCard. "And it may not be her last." ★

Kim and hubby Kanye scored face time with Presidential hopeful Hillary Clinton on Aug. 6, and she posted the pic to her Instagram account.

PHOTOCANDY.

You know those days when you know you look amazing but the camera keeps thinking differently? When you look far worse in photos than in the mirror? Those days actually have a name: they're called "everyday"—because the camera lens makes you look different than the lens of human eyes. You usually look rounder, less defined with worse skin through the camera lens. And what's worse is people—even the "nice" ones—judge you in your photos all the time. Our transparent photography foundation is designed specifically to make your skin look better for the camera lens while blurring away imperfections in real life. Contains a fractionated blurring silica suspension for light confusion, prismatic camera hue yellow-red correctors, prismatic gold technology and a hydrating oil-free bio-sugar surface mesh.

"Brad literally begs Angie to eat," reveals the source. "She can go a whole day without food, having just green tea and water."

ANGELINA'S HEALTH CRISIS!

DESPITE HER SURGERIES TO WARD OFF CANCER, THE ACTRESS APPEARED THINNER THAN EVER, RAISING THE QUESTION: **IS SHE HER OWN WORST ENEMY?**

SHOCKING new pictures of a frail **Angelina Jolie** have friends worried that the Oscar winner is putting her health on the back burner — with potentially grave consequences. Angelina's face looked sunken and drawn during a humanitarian trip to Myanmar with her 11-year-old son Pax in late July, and her bony arms and jutting clavicle drew gasps from eyewitnesses.

"I wouldn't be surprised if she was hovering around 100 lbs.," *Star's* tipster suggests of the 5'7" actress. "In fact, local children brought Angie a heaping dish of noodles — it seemed like they wanted to share their food with her!"

In 2013, the mom of six underwent

an elective double mastectomy to cut her risk of breast cancer and, earlier this year, had a preventive hysterectomy, which brought on early menopause.

"Most women in menopause gain weight, not lose it. She definitely needs to put some weight on those muscles to stay healthy," says Dr. Linnea Chap, a women's oncology specialist with the Beverly Hills Cancer Center and clinical associate professor at UCLA, who has not treated Angelina. "But dealing with menopause [so soon] may have caused her to be depressed, and she might have had mood issues after the surgery."

Indeed, Angie, 40, seems to be looking for comfort in all the wrong

places, says the insider: "She barely ate in Myanmar...but she definitely didn't pass up the wine!" Nor will she say no to her favorite vice. "She's a secret smoker with a half-pack-a-day habit," reveals the confidant. "She makes excuses about why she doesn't quit, saying it soothes her nerves."

Now **Brad Pitt**, 51, who even hired a hypnotist to help Angie stop smoking only to have her ditch the sessions, is at the end of his rope with his wife's health hypocrisy. "She had the preventive surgeries to take care of herself, but clearly, something is wrong," says the insider. "Brad has told Angie that she looks sick and needs to do whatever it takes to get healthy again." ★

CAITLYN COUTURE!

Despite *I Am Cait* losing half its audience after one episode, **Caitlyn Jenner** is still going full-steam ahead with plans for a transgender clothing line! A source tells *Star* that Caitlyn is getting all the advice she can from stepdaughters **Kourtney**, **Kim** and **Khloé Kardashian**, who have made a pretty penny with their line for Sears. But Caitlyn's brand won't be aiming for mainstream; instead it will feature fashions to fit the unique needs of pre- and post-op transsexuals. Her first priority? Shoes! "Caitlyn is learning that finding stylish heels to fit her size 12 feet is no easy task — she has to have them custom made," says a tipster. "She's having so much fun developing her personal style and can't wait to create a line for people just like her." See you at Fashion Week! ★

\$500 MILLION

TV DEAL

Watch your back, Ellen!

Oprah Winfrey is seriously considering re-upping her hit talk show — and accepting the \$500 million paycheck that could come with it!

"She could make half a billion bucks just by turning the lights on," tattles a source. "ABC wants her, only first they'd have to buy out her network, OWN. But *The Oprah Winfrey Show* generated \$300 million

annually, and that was five years ago, so it's a lucrative opportunity."

The new deal could be announced in January and would no doubt leave **Ellen DeGeneres** quaking in her Converse. "Oprah misses being the queen of daytime talk," adds the insider. "If she were back on the air, fans would make her number one again in a heartbeat." ★

SANDRA'S Psychic Friends

She's gorgeous, funny and talented — so why hasn't **Sandra Bullock** found love since splitting from cheater **Jesse James**?

Star has the answer: Her psychic told her not to date! "She takes her psychic very seriously. She warned Sandy about Jesse back in 2002, but she ignored the advice and now says she'll never make that mistake again!" explains a friend, revealing that the *Minions* star is so devoted to her medium, she put her on the payroll!

"Sandra wants her to be available 24/7 for any emergencies that might come up," adds the insider. "But the fortune-teller told her to focus on her son and stay off the market, so that's what she's doing." ★

SHARON SHOPPING 'TIL OZZY DROPS!

Metal's Prince of Darkness may be in a royal mess. Sources tell *Star* that **Ozzy Osbourne** can't curb his wife **Sharon**'s shopping addiction! "Sharon feels entitled to spend what she likes," an insider claims. "She thinks the family is successful because of her, and she shops like they're raking in the dough."

The *Talk* panelist — who is currently on hiatus from the show — indulges in regular spending sprees at XIV Karats jewelry store in Beverly Hills and even plunked down \$17,000 for a Pomeranian auctioned at the Race to Erase MS fund-raiser.

But diamonds and dogs aren't exactly the best investments. "**Kelly** has talked to her mother about being more careful with money, but Sharon just laughs," explains the source. When *Star* reached out to the Osbournes for comment, Ozzy himself replied, saying that he's learned to have a sense of humor about Sharon being a one-woman stimulus package: "My wife is the patron saint of shopping. I hear they're actually erecting a statue of her on Rodeo Drive," he quipped. "That's one of the reasons why I love her. She's my saint too." ★

ABBY'S CASINO CRUELTY!

It takes two to tango — and to tangle. A source claims bombastic *Dance Moms* star **Abby Lee Miller** did just that with a young fan at Connecticut's Foxwoods Casino Resort during the weekend of July 31. "A little girl asked her for a picture, but Abby started yelling and swearing at her to go away. She made the girl cry," explains a witness, who describes the reality star's behavior as shockingly hateful and rude. "The kid's parents stepped in to stop it, and Abby berated them too. Management ended up kicking Abby out of the restaurant!" Guess she didn't hit the jackpot when it came to manners... ★

FACEOBSESSED.

You know those face-obsessed celebrities with really old hands? They usually spend thousands on super-advanced next-generation skincare to treat their faces but their choice of hand cream ranges from cheap whipped oil from pharmacies to overpriced feel-good glorified luxury hand creams with little anti-aging benefits. You can't blame them—when it comes to hand creams, most brands don't invest as much into their products as they do in face care for a very simple reason: hand creams are bigger in size and beauty brands are used to high profit margins. Hand Chemistry's Intense Youth Complex targets all signs of hand aging with super science: an advanced collagen copper peptide, a deep-sea blue algae, a stem-cell plantago complex and a mushroom-based hyaluronic complex in a base of Amazonian sachá inchi. It reverses signs of age in 10 days, it has been the top-selling hand cream in the UK for years and media all over tells people to use it on their face.

Country queen Reba McEntire and her manager, Narvel Blackstock, announced their separation after 26 years of marriage.

Reba Tells Narvel: **CONSIDER ME GONE**

Has the Queen of Country found someone new?

LOOKS like yet another breakup anthem is about to top the country charts. After 26 years of marriage, musician **Reba McEntire** and her manager husband, **Narvel Blackstock**, have separated — and rumor is, she's not singing the blues. "The buzz is that Reba has found someone new," reveals an insider. "The only reason they would end their marriage would be if one of them fell in love with someone else."

Although the pair insists they will continue working together, sources say Narvel, 58, had better prepare to

see his former flame in the arms of another man, given her past behavior. As *Star* previously reported, Reba, 60, hooked up with Narvel while she was still married to her first husband of 11 years, Charlie Battles. And her history of impatience doesn't stop there: Both men were still legally married with children when the flame-haired singer hooked up with them.

"I don't like to be alone," Reba has previously admitted. So it's no surprise that speculation is rife that although their reps are denying it, she's already with someone else. "Reba and Narvel had been

behaving like colleagues, not husband and wife," says the insider, noting that the duo's demanding careers often kept them in different parts of the country.

"We never leave each other without a kiss and an 'I love you,'" the country star said in April when asked for tips about keeping the spark alive in a long-distance relationship.

Alas, it seems that simply declaring their adoration wasn't enough. "There won't be bad blood between them," explains the insider. "But Reba needed more than a best friend, and perhaps someone else made her realize that." ★

Heidi & Vito SECRET WEDDING PLANS!

While it seems like every other celebrity (and muppet) is getting divorced, **Heidi Klum** and her art-dealer beau, **Vito Schnabel**, may soon be saying, "I do." But don't expect to be invited to the wedding — insiders say the couple plan to swap vows in an intimate, secret ceremony following the season finale of *America's Got Talent*. "They haven't really made set plans. Heidi would prefer to elope when the time feels right," says a source. "It will probably be on a beach somewhere." And oddly enough, they have Heidi's ex, **Seal**, to thank for their impending bliss. The 52-year-old crooner reportedly told Heidi, 42, she would be a fool to let Vito, 29, get away and happily gave his support to the couple. "Seal and Heidi are on great terms and value each other's opinions," adds the source. "He likes Vito and thinks he's been a good influence on his and Heidi's four children." ★

Jessica & Justin's \$5,000 DINNER DATE

There's no shortage of champagne wishes and caviar dreams fulfilled in the Timberlake-Biel household. "Suit & Tie" singer **Justin Timberlake**, 34, dropped a whopping \$5,115 on dinner and drinks with his wife, **Jessica Biel**, 33, at The Hotel Bel-Air on Aug. 1. The occasion? Date night. "They were all over each other. They looked so in love!" dishes an eyewitness at the swanky L.A. hideaway. "They were laughing and sharing kisses all night." So what was on the menu for the new parents? Two ounces of golden imperial caviar (\$225 per ounce), one bottle of Chateau Margaux (\$3,500), filet mignon (\$56), sea bass (\$42) and chocolate soufflé, plus salad, soup, pasta and more. "Justin spared no expense," notes the onlooker. "But he made sure to ask for French fries too!" ★

Shawn CAUGHT WITH ANOTHER WOMAN

A *Star* recently revealed, **Shawn Booth** was desperately trying to call his longtime ex-girlfriend in the weeks before the July 27 airing of the pretaped finale of *The Bachelorette*, which ended with **Kaitlyn Bristowe** accepting his proposal. Now it appears personal trainer Shawn, 29, was having not only second, but possibly third thoughts as well: Our exclusive photos show the Connecticut native having a cozy lunch with a young brunette beauty in Rhode Island on June 19, just eight days before the finale aired. "Shawn kept his dark shades on the entire two hours he was there with the girl," a fellow diner at the East Greenwich restaurant BLU on the Water tells *Star*. "She was very pretty, even with no makeup on. The two of them were laughing, and she would occasionally lean into Shawn to whisper in his ear." Shawn later excused himself to make a phone call (right) — perhaps to assure Kaitlyn that he was home alone. ★

Tom & Gisele CALL TIME-OUT?

A pair of his-and-her controversies threatens to ruin **Tom Brady** and **Gisele Bündchen**'s reputations as well as their six-year marriage! Just one day after the New England Patriots quarterback, 38, learned of the NFL's decision to uphold his four-game suspension for his role in Deflategate, the Brazilian-born supermodel, 35, was busted for wearing a burqa to a Parisian plastic surgery clinic. "When the news broke, Tom was furious," a source tells *Star*. "He wasn't against the surgeries, but he told Gisele that the added scrutiny and embarrassment the incident has caused was the last thing he needs as he tries to restore his image." That said, Gisele doesn't seem to understand her husband's passion for the pigskin. "She keeps telling him he's overreacting and to calm down," says the pal. "It's very tense between those two. I've never seen them bicker like this before!" ★

KEITH CAUGHT WITH SEXY SIN

AS HIS WIFE, NICOLE KIDMAN, PREPARES TO SPEND FOUR MONTHS IN ENGLAND, KEITH URBAN GETS CLOSE WITH A GORGEOUS 21-YEAR-OLD.

Their Tour-Bus Rendezvous

**PASO ROBLES,
CALIF., JULY 29**

After 20 minutes with Keith on the blacked-out bus, Kelsea emerged smiling.

A few minutes later, Keith came out, as Kelsea lingered.

He waved to a fan but refused to look at the blonde stunner.

Keith's opening act, Kelsea, shared some private time with the star aboard his tour bus before his concert. "They were in there doing who knows what, then she came out acting like a giddy schoolgirl," says an eyewitness.

They walked separately to the stage, acting as if they didn't know each other.

T GER!

**Kelsea
Ballerini**

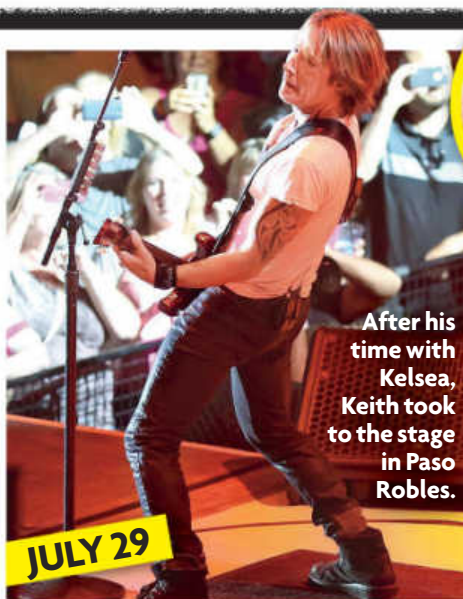

SPENDING time together is a rare occurrence for **Nicole Kidman** and **Keith Urban**. Between his busy touring schedule and TV appearances and her nonstop film and theater work, the couple constantly find themselves on separate continents. Yet they've somehow managed to stay married for nine years.

Recently, though, cracks in their relationship have appeared. From Keith's solo vacation in December to Nicole, 48, claiming that she's desperate for more children, the couple have struggled in recent months. And on July 29, things went from bad to worse: While the Oscar winner traveled to London with their two daughters, Sunday and Faith, Keith, 47, was caught on his private tour bus with sexy 21-year-old country singer **Kelsea Ballerini**. And when his wife found out, friends say, she blew up!

Now Nicole is so upset over her husband's behavior that their already shaky marriage is hanging by a thread. ▶

An Ocean Apart

When Kelsea boarded Keith's tour bus, he knew he wouldn't be seeing Nicole for a while. That very night, the actress and their two daughters, Sunday, 6, and Faith, 3, were en route to London — more than 5,000 miles away from Keith — where Nicole would spend the next four months working. But even though the busy superstars have grown used to being separated by an ocean, their relationship has suffered for it. "The nonstop travel, the jealousy and bickering — it's gotten draining for both of them," a family insider reveals. Perhaps that's why Keith turned to Kelsea that night — and Nicole wasn't wearing her wedding ring at the airport.

After his time with Kelsea, Keith took to the stage in Paso Robles.

At LAX with her girls, Nicole was snapped without her wedding ring.

As one source close to the couple puts it: "They had major trust issues before this, but the Kelsea incident could be the last straw."

THE SECRET MEETUP

Kelsea was opening for Keith in Paso Robles, Calif., at the Chumash Grandstand Arena, as part of the California Mid-State Fair. The "Little Bit of Everything" singer had arrived toward the end of Kelsea's set and took part in a meet-and-greet with fans. "Once he wrapped that up, Keith went into his blacked-out RV to change and get ready for his show," says an eyewitness. When Kelsea finished her performance, she paid him a visit.

"She sauntered onto Keith's tour bus with a male friend shortly before Keith was set to take the stage," the eyewitness recounts, noting that the massive vehicle more than likely has plenty of private spaces on it where the duo could be alone if they wanted. "It's anybody's guess what went on in there behind closed doors."

After about 20 minutes on the bus with Keith, Kelsea — who looked "amazing," the source said, dressed in a low-cut tank top and micro-mini shorts — emerged with a giant smile on her face. "She was practically walking on air," the eyewitness reports. "Then she hung around like an excited groupie, dancing

Who Is Kelsea?

Over the course of 2015, singer/songwriter Kelsea Ballerini has skyrocketed to fame on the country circuit, after being named to CMT's Next Women of Country list and releasing her debut album, *The First Time*. The longtime Keith Urban fan has also been hanging out with another of her idols lately: Taylor Swift — who has tweeted out her support for the up-and-coming songstress and even jammed with her backstage. With that kind of superstar support, not to mention her bombshell looks, Kelsea seems to have a bright future. "She's a talented young woman who's going places," says a source, "exactly the last person a wife would want her husband spending time with."

Kelsea hails from Tennessee — where Keith and Nicole are based.

with one of the security guys. It was apparent to everyone that she was totally infatuated with Keith."

The country superstar climbed off the bus a few minutes later before heading to the stage for his headlining set. "But he and Kelsea acted like they didn't know each other — they weren't even making eye contact," the eyewitness says. "It almost seemed like they were hiding a secret."

Still, according to the source, "Kelsea shot one adoring glance back at Keith" as they walked to the stage separately.

NICOLE FINDS OUT!

During Keith's rendezvous with the blonde bombshell, Nicole was on her way to London, where she would soon shoot her next film, *How to Talk to Girls at Parties*. But despite the distance between them, Nicole got word of her husband's behavior in Paso Robles. "She

was furious," says a source close to the couple. "She called Keith as soon as she heard and demanded to know what women he'd been hanging around with in his trailer."

Of course, Keith denied any wrongdoing. "But Nicole kept hammering away until he finally admitted that Kelsea had visited him," the insider reveals. "Nicole asked what happened, and Keith said they just talked about was how Kelsea's set went. He insisted their private meeting was strictly professional, but Nicole is still questioning his judgment."

Perhaps her struggle to trust her husband stems from their near-constant separation. Prior to her U.K. trip, the in-demand actress had been in Australia shooting the movie *Lion*. And after her current film wraps, she'll stay in London to star in the West End play *Photograph 51* for 11 weeks, through late November. Then she is expected to begin work on the HBO miniseries *Big Little Lies* with **Reese Witherspoon**. Keith, meanwhile, has been touring for most of the summer, and he has performances lined up through Oct. 7 — several of which include Kelsea as an opening act. By January, he'll be busy shooting the final season of *American Idol*. "Keith says he's not relocating to London in the fall, even though he has some time off, because he needs a break between touring and going back on TV," the insider says.

A solo Keith looked miserable on the beach in Hawaii last year.

NO FUN IN THE SUN!

On His Own

The last time Keith and Nicole courted rampant speculation about the state of their marriage was in December, when Keith was photographed vacationing alone in Hawaii while Nicole was in Australia promoting her movie *Paddington*. "At the time, Keith said he needed space to clear his head — Nicole had him feeling stressed out," a source later told *Star*, adding that the singer's solo trip caused friction with his wife. A few months later, in April, he attended the Academy of Country Music awards alone too.

"They aren't making time to repair their marriage."

— a friend tells *Star*

"It's sad that neither of them is willing to budge on their schedule," the source adds. "This is such a crucial time for Nicole and Keith to come back together as a couple, but they aren't making time to reconnect and repair their marriage."

IS THIS THE END?

To make matters worse, when Keith and Nicole do spend precious time together, insiders say they're often emotionally distant from one other. As *Star* reported in June, Nicole has been focused on her mother, Janelle, following the sudden September 2014 death of her father,

Antony, and she's been struggling with her inability to get pregnant as well. Then there's her breakneck work schedule — which Keith has been complaining about for months. "He constantly rides Nicole about how her career is her true love, not him," the source says. "He feels totally neglected."

While it's unclear if anything untoward happened between Keith and Kelsea on his tour bus in July, Nicole is treating the incident as a blemish against her husband. "She won't let it go. She feels as if she has serious ammunition now," the insider adds. "Nicole always took a dim view of joining Keith on tour with their girls, because she thinks it's not a wholesome environment. And now her mind is made up: She wants no part of that lifestyle." And with little hope of the couple reuniting soon, friends fear this could spell the end of Keith and Nicole's love story once and for all. ★

Star PAYS FOR SCOOPS!

THE CIA could pick up some pointers from **Jennifer Aniston** and **Justin Theroux**, who went to great lengths to successfully conceal their Aug. 5 wedding. Not even the guests knew the score, believing they'd be attending a birthday party for Justin (he turned 44 five days later). "The whole thing went off without a hitch," an insider tells *Star*. "After all the stress and secrecy, Jen and Justin pulled off the most incredible wedding ever."

A grand time was had by all, especially the bride, who'd begun to think they might never exchange vows. "Jen has never been happier," says the source. "Justin kept calling her Mrs. Theroux all night — it was adorable!"

THEIR "I DO" TO-DO LIST

The bride-to-be was adamant about keeping the event hush-hush, going so far as building a huge shed on the premises of their \$21 million Bel Air estate to stash their celebration supplies. All staffers had to relinquish phones and recording equipment while on the property, and cars were discouraged from parking nearby, lest anyone catch a glimpse of the party prep.

Ultimately, a wooden deck was set up with a raised stage on one end and a bar at the other. "Jen was obsessed with making everything perfect — that's why construction continued right up until the day before," says the source. "No expense was spared."

Invitees too were kept in the dark. A group of only 70 family members and close friends — including celebs **Jennifer Meyer**, **Lake Bell**, **Scott Campbell** and **Terry Richardson** — were given the birthday-party line. Not that they totally bought it: **Ellen DeGeneres** and **Portia de Rossi** actually feared being out of town when the wedding went down.

As the big day drew near, secrecy became harder to maintain. A huge cake arrived with Muppet-like characters on top: two of them, one male and one female. And — hmmm! — who was that guy carrying a Bible?

They could have danced all night! “Justin kept pulling his bride onto the dance floor,” a source tells *Star*.

Home And Away

The wedding took place at Jen and Justin's Bel-Air mansion. The next morning, the pair and some pals took off for a deluxe resort in beautiful Bora-Bora (right).

by all accounts, fabulous but unfussy, beautifully decorated seating arrangements offset by casual ottomans for lounging. “It was very much a Jen-and-Justin party in that it was so much fun and so relaxed,” says the source. “Guests were overwhelmed by how gorgeous everything looked, and it goes without saying that Jen looked stunning.” Everybody had a blast, the happy couple setting the tone. “They couldn’t get enough of each other,” the source adds.

A WHILE TO THE AISLE

Jennifer, 46, and Justin first met on the set of the 2007 movie *Tropic Thunder*, and when they reconnected to film *Wanderlust* together in 2010, sparks flew. At the time, Jen was five years past her divorce from **Brad Pitt** — who’s “absolutely thrilled for Jen’s happiness,” says an insider — and she had split with her previous semi-serious boyfriend, **John Mayer**, in 2009. Justin, meanwhile, was involved in a 14-year relationship with celebrity stylist **Heidi Bivens**.

But such irresistible chemistry could not be denied, and they declared themselves a couple in 2011. “He’s just so beautiful and handsome to me,” Jen gushed about her guy. “Those eyes just knock me out!”

Although the duo got engaged the following summer, their path to the altar was hardly hurried. “We’re just doing our own thing,” Justin said in 2014. “We’re completely happy, but we’re not on anyone else’s time frame.”

Perhaps, but breakup rumors

circulated due to growing impatience on her part. While she tried to play it off, claiming, “Eventually we’re going to get married — when we find the time,” Jen was eager to make it official. “She was at her wits’ end with Justin dragging his feet,” says a source close to the actress. “They had so many fights over when and where that a couple of months ago, she finally told him that he was going to marry her on Aug. 5 or she was sending all his stuff to storage and they were through!”

PARADISE (AND BABY) BOUND

That ultimately did the trick, and the happy couple became man and wife. Next stop: Bora-Bora! The morning after the nuptials, the newlyweds boarded a private jet from Van Nuys Airport for the Polynesian isle, reportedly to stay at the fabulous Four Seasons Resort, where over-the-water bungalows and private beach villas can run to \$11,250 per night.

And they’re not alone! **Jason Bateman**, **Chelsea Handler** and BFF **Courteney** came along to help keep the party — and the glow from Jen and Justin’s grand deception — going strong.

They may not be alone for long after they return home either. “Now that they’ve finally tied the knot, the last step to total happiness for Jen and Justin will be having a baby together,” says the source. “Jen thinks Justin will make a wonderful father, and he’s totally on board with the idea — and I have no doubt they got a head start in Bora-Bora!” ★

AFTER HER LATEST ROUND OF REHAB, KIM RICHARDS IS ARRESTED FOR SHOPLIFTING — WHILE LIVING OUT OF HER CAR!

DRUG dealing, bank fraud, suicide, spousal abuse...the most dramatic real-life scandals involving stars of the *Real Housewives* franchises make the theatrics on the weekly series' broadcasts pale by comparison. And while *RHOBH* star **Kim Richards** hasn't yet found herself embroiled in the darkest of situations that have plagued some fellow Housewives (see page 43), her continuing and heartbreaking battle with alcohol abuse appears to have pushed her to desperate measures.

Just weeks after her most recent round of rehab, Kim spent 18 hours in jail after a security guard allegedly caught her trying to leave a Target store in L.A. on Aug. 2 with a cart filled with 100 unpaid items — including clothes and makeup — valued at more than \$600. Afterward, it was reported that she had been living out of her car. "Kim has sunk pretty low," a friend tells *Star*. "Everyone's hoping this is it, that she's hit rock bottom."

ONE SLIP AFTER ANOTHER

It hasn't been the smoothest of rides for former child star and mom of four Kim, 50. She's been divorced twice, and in 1991, her then fiancé, commodities salesman John Collett, was shot to death in L.A.

A round of alcohol rehab in 2012 was not Kim's last; she went back in this past April after her arrest for drunkenly assaulting a cop outside the Polo Lounge in Beverly Hills. Kim fell off the wagon again in May after going off the rails at her daughter Brooke's wedding in Mexico and entered rehab yet again.

Now, on the heels of her shoplifting arrest — Kim reportedly pled not guilty to a charge of petty theft after posting \$5,000 bail — those close to her are at a loss over how to pull her back from the brink. "Everyone is extremely worried about Kim's safety and sanity," the friend tells *Star*. "The biggest fear is that we're just one devastating phone call away from finding out that something horrible has happened to her." ★

The troubled reality star was nabbed at the chain's Sepulveda Boulevard location in Van Nuys, Calif., (left) on Aug. 2, as she tried to leave the store with hundreds of dollars' worth of unpaid merchandise. As *Star* has reported, Kim recently abandoned her rental home in the San Fernando Valley — after trashing it (right) — because she could no longer afford the monthly payments.

HOUSEWIVES SCANDALS

Teresa GETS "FED" UP

RHONJ diva **Teresa Giudice**'s world came crashing down around her in July 2013, when she and hubby **Joe** were hit with a 39-count federal indictment charging them with bankruptcy fraud, making false statements on loan applications and conspiracy to commit mail fraud, wire fraud and bank fraud — all of which allegedly netted them \$5 million over a 10-year period. The couple eventually struck a plea deal with federal prosecutors the following March, and Teresa, 43, began serving a 15-month sentence last Jan. 5 at the Federal Correctional Institution at Danbury, Conn. Joe, also 43, won't begin serving his 41-month sentence until after Teresa is released.

She did the crime, now she's doing the time.

Ramona MEETS THE MISTRESS

Talk about a surprise houseguest! **RHONYC** star **Ramona Singer**'s 22-year marriage to husband **Mario** hit the skids in January 2014, after she walked in on him and his secret lover, 33-year-old fitness instructor **Kasey Dexter**, in the bedroom of their home in swanky Southampton, N.Y. Ramona, 58, announced their split last August, and the divorce is nearing completion.

Taylor's SUICIDE SHOCKER

In July 2011, **RHOBH** star **Taylor Armstrong** filed for divorce from her husband of six years (and father of their young daughter, Kennedy), venture capitalist **Russell Armstrong**, 47. The following month, he was found hanging in a friend's L.A. home. His death was ruled a suicide — and in the weeks after, it emerged that he had racked up debts totalling \$12 million in previous years. Taylor also claimed afterward that Russell had physically abused her.

Taylor's former husband, Russell, was deep in debt at the time of his death.

Danielle's FBI DRUG BUST

Original **RHONJ** firebrand **Danielle Staub**'s sex tape, released in 2010, would've been a lot more shocking if her ex-husband, Kevin Maher, hadn't already claimed exclusively to *Star* the previous year that Danielle (birth name: Beverly Merrill) had been a stripper and an escort — and revealed that she'd been arrested in 1986 by the FBI on kidnapping, extortion and drug-possession charges while she was dating a cocaine kingpin in Miami.

Demi's Downward Spiral

FRIENDS
FEAR THAT
THE ACTRESS IS
ON THE VERGE ON
A BREAKDOWN
FOLLOWING THE
TRAGEDY AT HER
L.A. HOME.

**“She feels

— an insider tells *Star*

Los Angeles

“Every time Demi looks at her pool, she can’t help thinking of that young man floating facedown,” says an insider.

NYC

Demi has been trying to sell her \$75 million penthouse triplex in the famous San Remo building for more than a year but has yet to receive any offers.

IT'S been a rough few weeks for **Demi Moore** — and it's definitely starting to show. When the 52-year-old actress, long hailed for her flawless complexion and toned physique, stepped out in New York City on July 25, onlookers did a double take. "Her skin was in a terrible state — all rough and bumpy, with a bizarre texture," an eyewitness tells *Star*. "She looked awful — a far cry from the old Demi."

Only four days earlier, 21-year-old Edenilson Steven Valle, a friend of one of Demi's assistants, was found dead in the actress's swimming pool (Demi was out of the country at the time), apparently having drowned during a party. "I am in absolute shock," the star said in a statement. "My heart goes out to this young man's family and friends."

While it's unlikely that Demi will be held liable for the accident, sources close to her fear that the incident — combined with a host of other recent stressors on the star — is threatening her already fragile emotional state. "I haven't see her this low in years," says an insider. "It's like all her drug use and plastic surgeries are finally catching up to her."

FADING STARDUST

It was only back in May that Demi's life hit a high point, when she sat in the audience and watched her daughter, **Rumer**, 26, win the Mirror Ball trophy on *Dancing with the Stars*. Demi had shown up to many of Rumer's performances and was tearfully ecstatic over her victory (which has also led to a Broadway role as Roxie Hart in *Chicago*); but seeing her daughter rise as a celebrity also underscored a major issue for Demi: her own floundering career.

"Demi loves her children, but Rumer has totally stolen the show," adds the insider. "She's proud of

Time Marches On

Demi's recent choice of cutoffs, unfortunately, accented the sagging skin on her legs.

her, but she is also insanely jealous of the way she looks and the headlines she's making."

Despite Demi's undeniable success in the '90s (*Ghost* grossed more than \$500 million worldwide) and numerous cosmetic procedures, she hasn't had a memorable role since 2003's

Charlie's Angels: Full Throttle. "She still hopes things will turn around, but it doesn't look good," notes the source. "She could probably get a TV series, but she's thought of herself as a movie star for so long that she feels a TV gig is beneath her."

HOME ALONE

Watching ex-husbands **Bruce Willis** and **Ashton Kutcher** move on and start new families has also been quietly painful for Demi, say insiders. "She's incredibly lonely," laments the source, who fears more than anything a repeat of Demi's 2012 hospitalization, which came in the wake of her breakup with Ashton. "She's known for self-destructive behavior when she gets depressed. She clearly isn't taking care of herself and her appearance. But if there's one thing we know about this woman, it's her tremendous capacity to bounce back." ★

HAUNTED BY HER HOUSES

Demi has reportedly been frantically trying to unload her \$7 million Los Angeles mansion as well as her 7,000-square-foot Manhattan penthouse in hopes of making a fresh start. "Both places have bad associations for her," says an insider. "The [NYC] penthouse she shared with Bruce, and the upkeep is ridiculous. And obviously the young man dying in her pool is so tragic. Nobody has dared to swim in it since."

The Nanny's SHE LEFT FOR

JEN GARNER ISN'T THE ONLY ONE UPSET OVER BEN AFFLECK'S RELATIONSHIP WITH SEXY NANNY CHRISTINE OUZOUNIAN — THE MAN SHE WAS GOING TO MARRY IS PRETTY STEAMED TOO.

IT'S the most tragic Hollywood breakup of the year: The decade-long marriage of **Jennifer Garner** and **Ben Affleck** is heading for divorce, the last straw being his reported affair with **Christine Ouzounian**, the nanny entrusted with their kids.

But *Star* has discovered another person whose romantic life has also taken a hit as a result of this sad situation — Christoph Albury, the man

Christine was living with when she started working for the couple in crisis this past spring. "Christine was actually engaged to Cristoph when she started messing around with Ben," an insider reveals. And as the naughty nanny soaks up the spotlight, her former beau is trying to get on with his life.

A BEAUTIFUL BEGINNING

Christine, 28, a California girl who often spent time in the Bahamas (a sister lives there), met Christoph, 30, a local native, in that tropical paradise in 2005. They dated casually but soon got serious, and she shared his humble apartment when she was on the island. "Christoph dreamed of being a chef, but he dropped out of culinary school and took a job on his father's fishing boat," a friend tells *Star*. "He hoped to give Christine everything she wanted but he could only afford so much."

Three's A Crowd

Christine Ouzounian had been in a long-term relationship with Bahamas-based fisherman Christoph Albury (with Christine in these exclusive *Star* photos), and the duo were engaged to be married before she got mixed up with Ben.

BEHIND

Ex-Fiancé: FT ME BEN!

Christoph finally proposed to Christine in 2014, and they were planning to wed two years later. Then, this past spring, Ben and Jennifer took their three kids (daughters Violet, 9, and Seraphina, 6, and son Samuel, 3) on a vacation to the Bahamas — and they made the fateful decision to bring along Christine, whom they had previously hired from a high-end nanny agency in L.A. During their visit, Cristoph's friend tells *Star*, "I saw her with Ben in his golf cart, and to me, they were having way more fun than a nanny should with her boss. I told Christoph what I had seen, but he insisted, 'She's just doing her job.'"

Letting Loose
When she's not caring for kids, nanny Christine likes to have a good time with her pals, as these pics from her younger years attest. "She enjoys a good party, like anyone else," a source tells *Star*.

TOO CLOSE FOR COMFORT

That job seemed to entail Christine flying back and forth between L.A. and the Bahamas to be with Ben and his brood an awful lot. Though a rep for Affleck has denied any romance between Ben and the nanny,

Christoph ultimately began to suspect that something was going on. "He was in

Christine has recently been spotted by *Star* relaxing by the pool at L.A.'s swanky Hotel Bel-Air — where she reportedly was put up (and hidden away) by Ben in the days after the scandal broke.

denial for a long time and tried to make Christine happy, but I think she was doing her own thing behind his back," says the friend. "Cristoph finally caught on, and he ended up breaking off their engagement." Within days, Ben sent his bodyguard to the Bahamas to collect Christine's belongings from Cristoph's apartment. "Fishing season has just started again," the friend adds, "and he's out on his boat for a few weeks, getting his head together."

Back in her L.A. hometown, Christine's longtime pals are shocked by how much she's changed. "She used to be normal," says one friend. "Now she goes around texting and bragging about her new famous status. People are starting to roll their eyes, but she loves the attention. I think she's going to milk this situation with Ben for everything it's worth." ★

Swanepoel and Emmy Rossum, who tweeted her approval of the sweat session. Not nearby? Check out the studio's online classes at physique57.com/videos.

What is a barre class?

It's a full-body workout using a ballet barre, where you work your abs, arms, legs and thighs to exhaustion then stretch. Physique 57 specifically helps sculpt your body and burn fat.

What's a good at-home workout that I can do without equipment?

In general, push-ups and planks are the best thing you can do for the whole body. It takes a lot of core strength to properly execute those! Or try a Scorpion push-up (pulling your knee to your shoulder), which gives an added focus to your obliques and abs.

What are your must-haves for fitness gear?

Working out is more fun when you love what you're wearing. Reebok True Studio Slippers (\$60, reebok.com) help avoid slipping during class [and yoga sessions, too]. I also love headbands, to keep the baby hairs out of my face!

How do you motivate people when they lack confidence?

Your body achieves what the mind believes, so it's important to tell yourself you can do it! Stay with it and work through each rep and each set until the very end. After every workout, you'll be one step closer to becoming the Best. You. Ever.

A Pill That Can Reshape Your Entire Body In 30 Days?

As incredible as it sounds, groundbreaking research has just identified a compound that can not only help you lose weight, but can actually reshape your entire body, reducing waist size, hip size, thigh and buttock circumference, belly bulge, and... last but not least... cause a significant loss of actual fat mass from all over your body. Has the "miracle pill" finally arrived?

It doesn't happen very often, but every once in a great while a new weight-loss product comes along that really gets me excited. And, the fact that I get to tell you about it before Dr. Oz features it on his super-popular TV show is "icing on the cake!" The product is called Vysera-CLS, and, unlike your run-of-the-mill "diet pill" that merely helps you lose weight (while following a strict low-calorie diet), Vysera can actually reshape your entire body... dropping inch upon inch of unsightly fat from your waist, hips, thighs and tummy... even if you're eating more than 2,000 calories a day! Some people are calling it a "miracle pill." However, this "miracle pill" is backed by serious clinical research published in the highly respected *British Journal of Nutrition* and the *International Journal of Medical Science*.

“It's sort of like eating a whole donut, but only absorbing a fraction of the calories...”

The Power to Reshape Your Entire Body

While you and I only care about results (and the results are incredible), the scientists I've spoken to are even more excited about how this compound works.

So here we go. In a randomized, double-blind, placebo-controlled clinical trial, study subjects took Vysera's key biofunctional compound along with their main meal of the day. Thirty minutes later, they had a significantly lower percentage of blood glucose increment from baseline, a smaller increase in C-peptide and, forty-five to one hundred twenty minutes after they ate, subjects also experienced a smaller insulin increase compared to placebo. Additionally, with respect to time, researchers observed a significant effect on the hunger hormone ghrelin as well as on

satiety and desire to eat. The end result was that the specialized compound was shown to cause a significant reduction in body weight, fat mass, BMI, adipose tissue thickness, and waist/hip/thigh circumference while maintaining lean body mass.

So Here It Is In Plain English:

People who took this incredible compound not only lost weight, but lost a significant amount of squishy, flabby, unattractive body fat from those hard-to-target places we all hate: our hips, thighs and butt. It also caused a significant reduction in the amount of fat around the waist (yes, that means you can start saying goodbye to your love handles), helping study subjects achieve that tight, sexy, firm figure we all dream of. And the best part? The compound did all this on 2,000 to 2,200 calories a day! In other words, without requiring anybody to follow a low-calorie diet or work out for hours every day! Think of it this way... it's sort of like eating a whole donut, but only absorbing a fraction of the calories. How's that for amazing? (Of course, we don't advocate eating a donut as a meal, and this example is used for illustrative purposes only.)

Where Can You Get It?

A company here in the USA has acquired the patented compound and added a proprietary mood-elevating, feel-good energy component to help eliminate diet fatigue and get you through the day with a smile on your face (another added benefit). This unique formula has been exclusively licensed to Bremenn Clinical under the trade name Vysera[®]-CLS. And trust me on this... once you start taking it and see how quickly it transforms your entire body, you'll be a believer, too.

So What's The Catch?

It seems there's always a catch with "diet" pills... so what's the catch with Vysera? The price. A full 30-day supply of Vysera will cost you about \$100... in other words, don't go looking for it at your local Walmart. Vysera-CLS is currently available at all Ulta stores, Kohl's, and GNC. Over the next few months, it will be available on a limited basis at prestige retailers across the U.S. Having a hard time finding Vysera-CLS?

Can't wait? You can order it directly from Vysera by calling 1-800-878-1534 or visit their website at VyseraCLS.com. Use promo code **VYSERA182** at checkout and shipping is free!

Southern Comfort

They still live in a college town, but life in *Gainesville* is all about growing up.

WITH *Gainesville*, the network that brought us *Party Down South* explores what happens when millennials hang up their beer bong and get down to the messy business of becoming adults. Cast member **Andrey Giansanti** gave *Star* the scoop on the new show about life after the party.

What makes this show special?

It's more on the real side of reality shows, not where strangers just get drunk when they're put in a house for the summer. We've known one another for a long time. I feel like people are going to relate to us more on a personal level.

Tell us about your story line with your ex, Brian.

We've known one another for about seven years. We had a really good relationship at first. Relationships have their ups and downs, and with us the ups were really, really good, and the bad were pretty bad. In the first episode, there's some tension about him being a little too flirtatious with my friends.

How many of you wound up butting heads on the show?

We all had some type of drama at some point. Like me — I'm sure there's a point

with every single one of us that we butted heads. That's what happens when you have a close group of friends who hang out all the time.

How does your personality fit with this group?

I see myself as kind of the mom. I'm always trying to make sure everyone is okay and safe and has everything they need. I try to keep drama to a minimum. Of course, it's going to happen, but I want us all to get along and just have fun!

REVIEWS BY MARSHALL FINE

→ THE MAN FROM U.N.C.L.E.

Three words for anyone with dreams of turning a faded TV hit from the 1960s into a movie franchise: *Wild Wild West*. Still, director **Guy Ritchie** labors to juice up this story of Cold War spycraft in mid-1960s Europe. **Henry Cavill** (*Man of Steel*) plays CIA operative Napoleon Solo, who teams up with a KGB agent (**Armie Hammer**, *The Lone Ranger*) to stop former Nazis from creating a nuke. Cavill has a dry, witty delivery, but Hammer's Russian accent is hit-or-miss, and he's too stiff. **Alicia Vikander** (*Ex Machina*) does better, as the daughter of a Nazi nuclear scientist who may or may not still be alive. But there are too many plot mechanics and generic action scenes and not enough jokes.

LONG STORY SHORT:

This may be an original story, but it's hard to imagine an U.N.C.L.E. 2. ★★★★★

MOVIES

→ BLUNT TALK

Premieres Saturday, Aug. 22, at 9PM on Starz

Sir Patrick Stewart returns to series television in this unhinged comedy about Walter Blunt, a TV newsman scrambling to salvage his career after a very public meltdown. The strong supporting cast includes comedian **Richard Lewis** as his court-ordered shrink, **Jackie Weaver** as his long-suffering producer, and **Adrian Scarborough** as his hard-partying and extremely loyal valet. The first three episodes ride a wave of wild humor about everything from anchorman ego to Blunt's bizarre sex habits. He's a colossal jerk — and a funny one at that. ★★★★★

Before Treatment

"We recently conducted a double-blind, placebo-controlled clinical trial on Viviscal supplements in my practice, the Ablon Skin Institute in Los Angeles. The results of the clinical trial were dramatically successful."

Glynis Ablon, M.D., FAAD,
Associate Clinical Professor UCLA.

The Ablon Skin Institute (ASI) Research Center.

Viviscal supplements contain AminoMar®, a unique proprietary marine complex. Combined with Biotin, Zinc and Vitamin C derived from Acerola Cherry, these essential ingredients nourish thinning hair and promote existing hair growth* from within. Viviscal is grounded in 25 years of continuous research and development. The efficacy of Viviscal is supported by published clinical trials. A recent study demonstrated a significant increase in hair thickness and a significant decrease in hair shedding. Viviscal recommends taking two tablets per day for a minimum of three to six months.

Newly divorced from **Antonio Banderas** (they sold their former mansion for \$16 million), **Melanie Griffith** has downsized to a still-lavish villa in the Mediterranean style, built in the 1920s.

Melanie's \$30,000-PER-MONTH HOLLYWOOD VILLA

Granite kitchen counters are the color of money.

A bullet-shaped pool boasts lush plants for privacy.

Exposed wood beams warm up the bedroom.

MARIAH'S CUDDLE CRISIS

Boys will be boys, as **Mariah Carey's** son Moroccan proved during his mom's Hollywood Walk of Fame ceremony. He kept photobombing his mom as the diva tried to pose, snuggling up and refusing to let go. Mimi kept smiling as a handler hauled him off, bawling. "Touch My Body" is just a song title, kid!

LENNY'S

Banana Split!

Swedish fans got a lot more of **Lenny Kravitz** than they bargained for when the singer's pants split on stage in Stockholm. Out popped his manhood — in all its pierced glory! **Lenny** made a quick change backstage, came back and rocked on. Lesson learned: **Don't go commando in skintight leather pants.**

This is #!*&'ing awesome! "Thrift Shop" rapper Macklemore debuted daughter Sloane Ava Simone, born May 29, on Instagram, gushing that she's the

There's a new member of the Kardashian clan to keep up with! To celebrate her 18th birthday, Kylie Jenner bought herself a bunny...and named it Bruce.

* Buzziest Trailer

Brad Pitt and Angelina Jolie gave us a 90-second peek into their flick *By the Sea*, seemingly about a hot but unhappy couple glaring at each other in paradise.

* Weirdest Workout Attire

She has to work off those doughnut-licking calories somehow. Ariana Grande turned up at a SoulCycle class in NYC, but instead of sporting a Lululemon headband, the pop star donned a pair of black cat ears!

YOU GOTTA BE KITTEN!

JON VOYAGE!

* THE MOST PERFECT SEND-OFF

Jon Stewart (with Stephen Colbert, left, on the Aug. 6 finale) bid farewell to *The Daily Show* with sincerity and humor, saying, "Nothing ends. It's just a continuation. It's a pause in the conversation. So rather than saying good-bye or good night, I'm just going to say I'm gonna go get a drink." Cheers to the next chapter!
